APPLE CREEK CONSTRUCTION ROW GOES ON

Contractor Writes Lausche, Offers To Finance Check By Outside Experts

FREMONT, June 16—(AP)—The firm that built the new Apple Creek State hospital offered today to pay for a full investigation into its construction.

This was in answer to senators complaining of bad workmanship in the erection of the nearly completed \$3,300,000 hospital for feeble minded patients.

Steinle Wolfe, Inc., of Fremont, general contractor for the new building, informed Gov. Frank J. Lausche in a telegram:

"We respectfully propose that three independent and competent engineers, to be selected by the Ohio Society of Professional Engineers, be commissioned to investigate the project at our expense.

"Our work is fully bonded to the extent of 100 per cent of the contract value, but we have sufficient regard for our reputation to welcome a full disclosure of the facts for the benefit of the public, who in the last analysis, are most vitally interested."

Steinle Wolfe's telegram was the latest episode in a controversy that has continued for months concerning the hospital project.

Architect Fired

First to criticize its construction was Architect Joseph A. Gatto of Cleveland Heights. He was fired for this by Public Works Director George B. Sowers. Later the state auditor and the Ohio senate stepped in.

Then on Monday, Sen. Edwin F. Sawicki (D-Cuyahoga) who, with four other senators inspected Apple Creek, said work should be halted until corrections are made. For one thing, he reported, the basement walls were wet.

"The man in charge said the walls had not yet been properly waterproofed," said Sawicki. "With only a few weeks before work will be finished he had the nerve to tell us that."

A plan to follow Sawicki's suggestion now is in the house rules committee.

In its appeal to the governor, Steinle Wolfe took note of this and other complaints and said:

"Because of initial allegations of discrepancies between specifications and performance we, at our own expense, engaged a competent independent engineer to examine the project, and a copy of his report was submitted to the department of public works.

"It is our understanding that the results of another engineer's investigation were subsequently reported to the state auditor, but neither to us nor the public."

Social Security To Be Extended By Approved Bill

By FRANCIS M. LE MAY

WASHINGTON, June 16—(AP)—The house ways and means committee may be nearly ready to recommend that about 12,000,000 more workers be blanketed under old age insurance. That was the unofficial word today from secret committee meetings.

The newly covered workers are not expected to include 5,000,000 farm operators and 3,500,000 farm workers.

This was reported to be the tentative action on President Truman's proposal that 20,000,000 additional workers be insured. About 30,000,000 already are qualified for old age benefits under this phase of social security.

The committee, meeting behind closed doors for six weeks, also was understood to have agreed tentatively to:

1. Boost old age benefit payments substantially but not as much as Truman asked. The President wants benefits increased in some categories by about 100 percent.

2. Permit the social security tax to jump next January 1 from the present one percent against employees' pay and employers' payrolls, to 1 1/2 percent, with an increase Jan. 1, 1952 to two percent against each. Present law provides for these boosts.

The social security bill may pass the house this year but there is little, if any chance, it will be taken up in the senate until 1950.

The tentative action of the committee was reported to call for bringing under the old age insurance program 6,000,000 self-employed persons, including doctors, lawyers, other profes-

HINTED BAD TIMES PROMPT REUTHER PLEA

Union Leader Urges Big Conference To Stop Economic Dip

CLEVELAND, June 16—(AP)—President Walter Reuther of the CIO United Auto Workers today called for an immediate national conference to halt what he believes is a looming depression.

Citing statistics showing 3,500,000 persons now are out of work in the country, the fiery union leader said:

"I am calling for an immediate conference of this national problem."

Reuther, addressing the national conference of social work last night, said labor, management, agriculture and government leaders should meet to study the rising unemployment figures.

"Depressions are man-made," he asserted. "What man makes he can change. We've got to step up to the simple fact that if we have a depression now, we might lose not only our homes and farms, but freedom, too."

Another depression like that of 1929 would prove to be "Joe Stalin's ace in the hole," he added.

No Comfort

Pointing again to the number of unemployed, the red-haired labor official said:

"It does not comfort any of those three and one-half millions to know that we can now split the atom, or build a jet ship that can go faster than sound. Nor that some people in high places say we can have 6,000,000 out of work and not worry."

Reuther said unemployment is gaining "because workers' incomes are not equal to the goods we have produced."

"We must balance wages and production," he continued. "Purchasing power must match productive power minus a percentage for new capital investment."

He told the conference he believes the administration is planning means of stimulating private employment and supplementing it with public work.

The administration, he said, "is not going to think that private factors will correct present unemployment."

Reuther addressed the session following conferences in Washington with President Truman and the Council of Economic advisors.

"Bad Risk" Unless Trade Barriers Are Cut, Report

WASHINGTON, June 16—(AP)—Paul Hoffman, the head man in the European Recovery program, thinks it may have to be labeled a "bad risk" unless western Europe quickly breaks down its trade barriers.

The Economic Cooperation Administrator gave his views to the senate appropriations committee.

He said the big and expensive program of U. S. aid cannot possibly succeed unless Europe speeds up economic cooperation, and added that by next spring he will be able to report whether the program has been a "good or a bad risk."

The committee asked him to return this afternoon to continue his testimony on recovery spending.

DROWNED IN BARN TROUGH

Mrs. Albert Gfeller of Beloit R. D. Victim of Odd Accident

Mrs. Ruby Sarah Gfeller, 24, wife of Albert Gfeller of R. D. 1, Beloit, was drowned at about 8:20 a. m. today in a watering trough near the barn on the family farm.

She was not dead when found and was rushed to Salem City hospital by ambulance. She was pronounced dead on arrival. Doctors failed in their attempts to revive her.

The facts surrounding Mrs. Gfeller's death are being investigated by Columbiana County Coroner Ernest Sturgis. An autopsy was ordered by Sturgis for his afternoon.

Surviving, in addition to her husband, Albert, are two sons, Albert Ernest and Richard Dale; four sisters, Maxine of Minnesota, Imogene of Akron, Mildred of Pittsburgh, and Freda of Greenville, Pa., and a brother, Robert, of Alliance.

She was born in Scio county 24 years ago, had lived in this vicinity 10 years and was a member of the Bunker Hill Methodist church.

Funeral service will be held at 2:30 p. m., Saturday at the Stark Memorial, in charge of Rev. E. K. Bars, Methodist pastor. Interment will be in Bunker Hill cemetery.

Friends may call Friday evening at the Memorial.

USE SALEM AIRPORT TO RUSH PUMP ORDER

The Deming company Tuesday became the first to use the month-old Salem Travel airport for an emergency rush air shipment of freight to a customer.

The company received a call in the late morning informing them of a breakdown in a Phillipsburg, Pa., plant and that an airplane was being flown to the Salem airport situated north of Salem-Washingtonville road.

The power-pump repair parts were taken to the field and met the airplane yesterday afternoon. After gassing-up the plane, the pilot started on the return trip to a Clearfield, Pa., field, which is situated near Phillipsburg.

Field operators said that this first parts-freight shipment indicates that the field should be an additional service to customers and Salem area plants in helping them to give the customers better service. No special packaging was needed for this shipment, thus allowing further savings of time.

Patrol Arrests Driver After Rt. 14 Accident

Paul Faulk, 26, of R. D. 3, Lisbon, was arrested by the state highway patrol for driving on the wrong side of the road, following an accident on Route 14, 2.3 miles east of Salem, at 12:50 p. m. Wednesday.

He was fined \$50 and costs by Mayor Lloyd Culler of Washingtonville.

Faulk's car sideswiped a tractor-trailer driven by Harold D. Buochman, 21, of East Palestine. His car was only slightly damaged.

A passenger, riding with Faulk, Wilbur Taylor, 25, of Lisbon, sustained lacerations of the arms.

INCREASED COST OF GASOLINE UP FOR SENATE CHECK

WASHINGTON, June 16—(AP)—Oil company officials will be called before a senate committee this month to explain recent boosts in the price of gasoline.

The senate banking committee yesterday released a staff report which said motorists are paying \$40 a year more for gas than they did in 1946.

Chairman Maybank (D-SC) said the committee will open an investigation June 27 of price hikes "throughout the country."

The report, noting "indications that still further gasoline price increases may be contemplated," said recent boosts have occurred in the eastern states although—

Cites Ironies

"1. Prices for other commodities were softening; 2. There were plentiful supplies of oil; 3. Cutbacks were being made in oil production and oil imports; 4. The profits of the oil industry during 1948 were more than 2 1/2 times as high as those in 1946."

The report said the oil industry has offered two arguments to explain the general six-cents-a-gallon increase since 1946.

"The first covers the period of high demand; the second covers the period of lowered demand," the report said. "Put the two arguments together and one always applies, thus providing a continuous justification for high prices."

And commenting on the price rise while production is being reduced, it added:

"If there is one fairly sure way of spiraling this country into a business setback greater than has already occurred, this sure way would seem to be offered by the policy of restricting production in order to hold up prices."

The committee staff said in the report that the American Automobile association has estimated that gasoline price boosts in the last three years are costing motorists about \$1,300,000,000 annually.

Chain Reaction In Coal

A decision by the United Mine Workers to shut down coal production to get rid of surplus coal and thereby maintain a certain price level now is followed by a decision of northern coal operators that their industry should combine for collective bargaining.

In plain language, coal operators want to offset a near-monopoly of mine labor with a near-monopoly of their own.

If coal miners are going to have industry-wide bargaining through John L. Lewis, coal operators would like to have industry-wide bargaining through an official spokesman with similar authority to speak for them.

At present, operators bargain in five different groups, classified by regions and functions. Under the proposed arrangement, all operators would bargain through one man. This individual could sit down at a table with Mr. Lewis, and the two of them could manipulate the destinies of thousands of coal miners and coal consumers by remote control.

This would satisfy one of the requirements of socialism, which is to take labor out of competition by taking employers of labor out of competition. And it explains the close connection between socialism and dictatorship. Competition can be suppressed only by the creation of monopolies, which in turn can exist only by the edict or consent of political authority.

Coal operators can't be censured for wanting to fight a monopoly of labor in the industry by a combination which would amount to a monopoly of employers. Their proposal to this effect is the logical development in a chain reaction which started when United Mine Workers attained industry-wide power. It will be an unpleasant reminder to many starry-eyed dreamers that more is at stake in coal negotiations than the uplift of coal miners, now the highest-paid workmen in the United States. Mr. Lewis, who agitated for years to popularize "vertical unionism," is now in a position to show what it leads to once it gets a good start.

In Birmingham, Ala., a small-mine operator named Hinz is nursing assorted wounds inflicted when he failed to close his mine on Mr. Lewis's orders. He is a qualified witness on the subject of vertical unionism in the coal industry—an operator who thought competition still was part of the legal way of life in the United States.

Eisenhower Returns To The Wars

Gen. Eisenhower thinks federal aid to education should be confined to states unable to pay their own way.

In view of the fact that this has landed him in a position opposite from that of President Truman and other statist on this particular subject, the result could very well be an important political development. Gen. Eisenhower is undoubtedly aware of this possibility.

The great issue in the United States is between statist and individualists. It is not partisan, in the usual sense. Senator Taft, a Republican, has supported federal aid on a limited basis. But this doesn't make him a statist and certainly doesn't make him a new dealer. On the other hand, many bona fide Democrats, especially from the southern states, are being forced out of their own party by the statist position of its new dealers. That doesn't make them Republicans.

Gen. Eisenhower, potentially the most important individual on the political horizon in 1948, never was classified on the issue of statist vs. individualism. Nor was he classified as a Republican or a Democrat. Until he took himself out of politics a year ago with a strong statement, he was being eyed by such divergent groups as Americans for Democratic action, which caters to frustrated new dealers, and the Unibn league, which caters to frustrated old dealers. The general was as close to being a political enigma as it's possible to be without becoming a political nonentity.

One anti-statist position doesn't constitute a policy against statist, but it raises a strong doubt. That's why Gen. Eisenhower's insistence that federal aid to education should be limited to states without resources of their own will get more attention. He is still a potential power in national politics. No one who has given two thoughts to the subject can be unmindful that millions of Americans would rally to the support of a strong leader taking an anti-statist position.

Not A Fact In A Carload

All who remembered the scuffling that went on between statisticians who jumped at conflicting conclusions about unemployment during the depression will shudder as interest in this statistic is revived.

There is no such thing as a reliable unemployment total. There probably never will be. Three handicaps are to blame:

1. The United States is so large that a thorough canvass of unemployment is impossible. Such reports as are made are spotty, and because they reflect past, instead of present, conditions are of questionable value.

2. There is no accepted definition of unemployment. For example, it never has been decided whether or not a part-time employee should be listed as employed or unemployed. Nor is there any agreement on the status of marginal workers, seasonal workers and persons who say they are unemployed yet may be waiting only for a mythical job that never materializes.

3. Unemployment reports are regarded in some quarters as an implement of social reform. Thus, it is to the interest of some groups to make the unemployment total seem larger than it is, to encourage economic regimentation. Other groups are interested in minimizing unemployment, to discourage economic regimentation.

There were remarkable discrepancies in unemployment statistics during the reports. It is to be expected that the same discrepancies will bob up again for the same reasons as postwar readjustment belatedly takes place.

THE STARS SAY:

For Friday, June 17
By GENEVIEVE KEMBLE

A conflicting and perplexing situation, probably concerning heart affairs, with ideals, imagination and inner urges being put to pressure, the final outcome depending on the insight, intrigue and shrewdness on which the matter is evaluated, or with subtle analysis of the hidden factors or basic drives. It is probable that force, open attack or acrimony would fail where compromise and finesse would win out, probably with flying colors. Glamor and the velvet touch may assist the solution eventually.

FOR THE BIRTHDAY

Those whose birthday it is may be faced by a complicated state of affairs, the pleasant, benign and happy or a miserable conflict, within and without, in public as well as intimate affairs. The ideals, higher values and aspirations as well as more sordid ambitions, are in the scales of balance, keen analysis and a tactful and delicate approach. Force, deceit, gratification of the senses might invite scandal, loss of funds and reputation, even physical danger. Curb emotionalism, shun secret bodies and schemes.

A child born on this day may be inclined to work from the stardard of feelings, emotions and personal desires meeting danger and varied losses through its rash acts while being lovable, glamorous and idealistic.

Sunday brings more fatal accidents than any other day of the week. The day of rest—in peace!

Guarding Your Health

By DR. HERMAN BUNDESON

If doctors were asked to identify the world's worst pain, they would probably agree in naming that of the douloureux or trigeminal neuralgia. Women are its chief victims, being affected about twice as often as men, and any who have ever experienced it declare it to be far worse than the pain of childbirth.

This type of neuralgia—a word which simply means pain along the course of a nerve—affects a nerve in the face. It is a disease of late middle or early old age, the majority of patients being in their 60's, with few or none affected before the age of 40.

The acute pain comes on in attacks which usually affects only one side of the face. While the severe pain lasts only a few seconds, it may occur against a background of continuous, dull pain of several days' duration. There are many different things which can set off an attack. These include women's old enemy—emotional upsets—as well as exposure to cold winds, any movement of the face, such as that involved in eating or speaking, and any manipulation of facial muscles like that which goes along with washing the face or rubbing it with the fingers.

Usually when the attacks first appear they may occur only at monthly intervals, or even more infrequently. But as time passes, the period of freedom from the pain becomes shorter and the series of attacks lasts longer, until finally pain may be almost continuous. Worse than the worst toothache, the pain remains always in the same place, showing no tendency to pass into the other side of the face or down into the neck.

Many forms of treatment for this disorder have been tried out, but only two seem to be of any

great value. Drugs do not seem to be effective against this severe type of pain.

Operation and Injections
The two forms of treatment which seem to be effective are an operation for cutting the nerve root, and injections of alcohol into a nerve or into a nerve root.

The alcohol injection is given to destroy the division of the nerve which is producing the painful attacks. Because of the difficulty in injecting these various branches, it seems more satisfactory to inject the alcohol into the nerve root. Of course, this form of treatment must be carried out by an expert who can make sure that the injection is being made into the proper area. This method of treatment is much more simple than the operative treatment. The nerve root is cut to destroy

Pop Is Gaining On Mother In Popularity On His Day

By VIRGINIA MACPHERSON
HOLLYWOOD, June 16—(UP)—Pop's edging up closer and closer to Mom in popularity, a greeting card expert said today, and he thinks it's because of "Mom's guilty conscience."

Give the old boy a couple more years, says Hal Baker, and he may stack up more "Happy Father's day" loot on his day than the little woman does on hers.

"Mother's day has always been third in sales, next to Christmas and Valentine's day," Baker explained. "But Father is getting up there."

Mom used to out-sell the old man 20 to 1 when it came to fancy-colored paper fripperies. This year, says Baker, who's west coast sales manager for Hallmark greeting cards, the odds are down to 2 to 1.

"I think the sudden surge of Father's day sales is due to wom-

en's guilty consciences," he added. "They've always had the best of everything with Mother's day."

"People wear carnations in their honor. They get taken out to dinner. Ministers dedicate special church services to 'em. And nobody expects you to get through Mother's day without shedding a sentimental tear somewhere along the way."

"But who the heck can squeeze out a tear for Pop?"

"So the woman of the house tries to make it up to him by splurging on cards."

But they have a practical approach to this new-found "sentiment." A man buys one expensive card for the Missus. She buys two or three—all cheap ones.

"A man thinks nothing of spending a dollar . . . or maybe even three or four on a big, fancy Mother's day card," Baker says. "He wants it loaded down with

perfumed cushions and glittery folderols and lacy paper.

"Two to one he never even bothers to read the verse. This we know, because plenty of women have told us they get 'Happy Mother's day to my grandmother' cards from their husbands."

But females shop for cards . . . Maybe even read dozens before they find one that fits the old man. They may even buy two or three—but it's a rare day for the budget when they splurge more'n a dime on each one.

Threaten Strike

CLEVELAND, June 16—(AP)—AFL truck drivers and dock employees of Cleveland cartage firms threatened today to strike next Monday unless a wage raise dispute is settled in negotiations Friday.

The 2,500 teamsters union members are asking 10-cent hourly increases—half of their original demand. An offer of 7½ cents more hourly was made by the Cleveland Draymen Employers' association, but rejected 800-300 at a union meeting last Sunday.

KENSINGTON

The children, grandchildren and great-grandchildren of Mr. and Mrs. Perry Cox of Kensington enjoyed a picnic at the home of Mr. and Mrs. Wilford Cogan of Waynesburg. The event was in honor of Charles Cox of Los Angeles, Calif. There were 23 present.

Twenty-two members and guests were present when Mrs. Harry Anthony entertained members of the Ladies Aid of the Christian church in the annex. At the business meeting it was announced the group would hold a festival in the annex Saturday evening. Lunch was served by the hostess.

Mr. and Mrs. John Oyer and family visited recently with Merwin Oyer of Ashland who is recovering from an operation.

Visit Former Residents

Mrs. Alice V. Skelton has returned home from Eugene, Ore. Enroute home she visited with Mr. and Mrs. Chester Dorer and sons in Santa Rosa, Calif. The Domers were former Kensington residents.

HANOVERTON

Mr. and Mrs. Alfred Fink and Mrs. Margaret Lindesmith of Salem were recent guests at the James Myers home.

Visit Son

Mr. and Mrs. James Myers are visiting at the home of their son Fred in Canton this week. They will attend commencement of their grandson Jimmie while there.

Mrs. Chester Ball is visiting her husband Chester Ball who was recently transferred to Texas. He is with McCaskey Register Co.

Mrs. Charles Sultner is visiting in Erie, Pa., a few days this week. John Richey remains about the same.

James De Bray is ill at his home here.

Hear Book Review

By Mrs. Byers At Tea

Guests at the benefit tea at 2 p. m. Tuesday at the home of Mrs. F. J. Emery on Highland ave. will hear Mrs. Guy E. Byers review the novel, "Point of No Return," by J. P. Marquand.

The book, which is a thought-provoking, concerns a man, well situated in life, who through circumstances returns to the scenes of his childhood and youth.

A combination of present and retrospect, the novel gives a vivid and deep picture of the vicissitudes of small town and middle class American life in the 20th century. The author is noted for his understanding of that phase of life.

Mrs. George Emery and Mrs. John Vance, May chairmen of the Presbyterian Women's association committee, and Mrs. Stanton Heck and Mrs. Howard Chamberlain of the November committee are sponsoring the affair.

Loyal Women Enjoy

Tuesday Meeting

Contests entertained members of the Loyal Women's class of the Christian church at the Tuesday evening meeting at the church. They were arranged by Mrs. Ross Mellinger and her committee.

Mrs. Ross Clay conducted an unusual patriotic worship period. Mrs. John McGuire's committee served refreshments.

Presbyterian Brownies Entertained Tuesday

Members of Brownie Troops 10 and 11 were dinner guests of the Presbyterian Forum class Tuesday evening in the church.

The class sponsors the troops.

More than 100 were seated at the long tables. A pastel color scheme was used and small bouquets made the tables attractive. Mrs. Vaughn Nichols, scout camp chairman, explained camping needs at Camp Merrydale and Rev. Harold L. Ogden gave a talk relating to parent-child activities.

E. S. Vincent, teacher of the class, introduced the troop leaders, Mrs. Louis Weirick and Mrs. Evas Lipp of Troop 10 and Mrs. Dan Holloway, Mrs. C. F. Colbourn, and Mrs. Paul Risbeck of Troop 11.

Each troop was presented \$5 from the class for general expenses.

The Brownies entertained the audience with some of their ritual work, salute to the flag and sang the Brownie song.

They also sang two novelty numbers, "Pussy Cat" and "Lolly Pop" and showed those present how to play the Pussy Willow game.

Marilyn Kloos, Carol Luce and Cherry Powell entertained with a piano solo, and Betty Wright sang a vocal selection, accompanied by Cherry.

Two comic movies were shown.

Couple Return From Honeymoon

Mr. and Mrs. James Rogers have returned from a honeymoon trip to Niagara Falls, N. Y., and are residing at 807 E. Third st.

Miss Olga Drakulich, daughter of Mrs. Anna Drakulich, became the bride of James Rogers, son of Harvey Rogers of E. Third st., at 10 a. m. last Saturday in St. Paul's Catholic church.

Two bouquets of white flowers graced the altar.

The mass was sung by Rev. J. Richard Gaffney, pastor, in the presence of relatives and friends.

The bride was charming in a white satin gown fashioned with a sheer neckline, ornate with seed pearl trimming, long sleeves pointed at the wrist, fitted bodice and a full skirt ending in a court train. She wore a finger-tip veil which was attached to a crown ornate with seed pearls to match the design on her gown. She carried a white prayer book topped with a lovely arrangement of purple pansies.

Mrs. Anthony Borrelli, sister of the groom, as matron of honor, was gowned in aqua. She wore mits to match and a headdress of yellow daisies. Yellow daisies formed her colonial bouquet. William Rogers was his brother's best man.

A family dinner was served at Wee Farm. The table presented a beautiful appearance, enhanced with a wedding cake topped with a miniature bride and groom, and flower arrangements.

Mrs. Drakulich chose for her daughter's wedding a brown print outfit and wore a corsage of pink roses.

The bride is employed at the McCulloch store. Her husband, a graduate of Salem High school, is an apprentice machinist.

Out of town guests were Mr. and Mrs. Samuel Drakulich of Plainfield, O., and Miss Mary Janeck of Los Angeles, Calif.

Ellsworth Ave. Home Circle To Meet

Members of the Ellsworth Avenue Home circle will meet at 2 p. m. Friday in the home of Mrs. Edward Bonsall, 1155 N. Ellsworth ave.

Baptist Missionary Installation Held

Miss Martha Jane Stirling sang a solo "Near to the Heart of God," in the installation ceremony for the new officers of the Woman's Missionary society of the First Baptist church Tuesday evening at the home of Mrs. Norman Kelly, E. State st.

Mrs. Reed Calkins inducted the officers, who are:

President, Mrs. Clyde B. Williams; first vice president, Mrs. John Cosgrove; second vice president, Mrs. Magdeline Cosgrove; secretary, Mrs. George Talbot; treasurer, Mrs. Fred Blevins.

The committee chairman are:

Program—Mrs. Leroy Hartough; White Cross, Mrs. Calkins; spiritual life, Mrs. Wallace Bowker; Christian friendliness, Mrs. Merle Miller; Christian citizenship, Mrs. J. W. Bennett; student counselor, Mrs. R. J. Hunter; Christian education, Mrs. Carey Jackson; social—Mrs. Leland Taylor; flower fund—Mrs. Frank Grace; music—Mrs. E. C. Hammell, Sr.

Devotions were conducted by Mrs. Hammell.

"Built Together in Him" is the theme of next year's study book.

Lunch was served by the hostesses—Mrs. Kelly, Mrs. Hunter, Mrs. Frank Davidson, Mrs. R. C. Stirling and Mrs. Magdeline Cosgrove.

Saxon Women Plan Meeting Tonight

The Saxon Ladies society will hold a social meeting tonight at the hall, with games and refreshments.

At the last session, delegates to the national convention in Cleveland gave their report.

Social committee for the ensuing three months is made up of Mrs. Mary Vogelhuter, Mrs. John Girsch and Mrs. Michael Herman.

The next meeting is Friday evening, July 8, at the hall.

Officers Installed

By Missionary Group

Mrs. Wayne Russell, who was re-elected president, installed the new officers of the Young Women's Missionary society at the First Baptist church Monday evening at a dinner meeting in the home of Mrs. Rebecca Yates, Damascus rd.

Plans were discussed for next year's program.

The members are planning a wiener roast for Aug. 22.

Reunion of McCann School On Sunday

McCann's school will hold its annual reunion Sunday in the Butler grange hall, west of Winona.

Farmer, Duro Wedding Held In Alliance

Mrs. William Greene, and Mrs. Robert Schuck of Salem were bridesmaids at the wedding of Miss Bea Farmer and Richard Duro of Alliance last Saturday afternoon in the Alliance First Christian church.

The bride selected this date for her marriage because it was the birthday anniversary of her brother, Jack, of Sarasota, Fla.

Dr. W. C. McCallum performed the ceremony in open church and James Berry sang the love melodies.

Other attendants were Mrs. Harold Summers, matron of honor; Mrs. James Ball of Chillicothe and Mrs. Donald Stotts of Alliance; Karen Sue Callahan of Canton, flower girl, and Wendell Thompson, Jr., ring bearer.

Hayden Duro was his brother's best man. Ushers were Robert Schuck and William Greene of Salem; Raymond Duro, brother of the groom, and Dean Ashbrooke, student at Mt. Union college, classmate.

The bride is the daughter of Mr. and Mrs. John Callahan of Alliance. Her husband is the son of Mr. and Mrs. Eric Duro of Alliance.

Both are graduates of the Alliance High school. She attended Alliance Business college and is a secretary for the Ohio Public Service Co. Mr. Duro graduated from Mt. Union college in June. He is employed by the Cassell Sales & Service Co.

Mrs. Donald Hammell Service Guild Hostess

Mrs. Donald Hammell was hostess to members of the Wesleyan Service guild of the Methodist church Monday evening at the church.

Mrs. Hammell also arranged the program, for which Mrs. Maude Jones reviewed the book, "Meet Mrs. Yu." Carol Wilde played a piano solo.

A letter was read from Miss Marjory Mayer, a teacher in Japan. Miss Mayer is the daughter of Dr. and Mrs. Sidney Mayer of Toledo. Dr. Mayer is a former pastor of the Methodist church.

The guild will hold a picnic meeting July 11 in Firestone park.

Party Is Held For Darlene Ann Hazen

Thirteen girls helped Darlene Ann Hazen celebrate her sixth birthday anniversary at a delightful party given by her mother, Mrs. Willard Hazen, Wednesday afternoon at their home, Aetna st. Game prizes were won by Kay McDonald, Sandra Leibhart and Ethel Mae Hazen.

A decorated birthday cake was served with the lunch.

Darlene Ann was the recipient of gifts.

Miss Betty Whaley Wed In New Jersey

Lace and taffeta were combined in the bridal costume worn by Miss Betty Louise Whaley when she became the bride of Stephen B. Younkens at 2:30 p. m. last Friday in the Tom's River, N. J. First Presbyterian church.

The bride is the daughter of Mrs. Grace F. Whaley of N. Howard ave.

Mr. Younkens is the son of Mrs. Josephine Younkens, Pine Beach, N. J.

The bride completed her costume with a finger-tip veil held in place by a sweetheart crown, trimmed with pearls. She wore white lace gloves to match the veil and carried a white prayer book topped with a white orchid.

Harry C. Roller, friend of the family, gave the bride in marriage.

Mrs. James W. Brown of Pine Beach, N. J., sister of the bride, was matron of honor. With a peach-colored taffeta dress she used white accessories. Her pink pearls were a gift of the bride and her corsage was of gardenias.

Millard J. Younkens, brother of the groom, was best man.

Donald Younkens and Floyd Lewis of Beachwood, N. J., seated the guests.

Mrs. Whaley appeared in an aqua crepe dress. She used white accessories and wore a corsage of yellow rosebuds. Mrs. Younkens used white accessories with a blue crepe dress and wore a yellow rosebud corsage.

Rev. A. G. Van Dyke performed the double ring ceremony before a lovely altar setting of palms and white gladioli, lighted by white candles in seven-branch candelabra.

Mrs. Frank Bicker played the musical prelude, including "I Love You Truly," "Always" and "Because." She also played the traditional wedding marches.

Guests from Salem, Baltimore, Md., Ravenna and Toms River, attended.

The refreshment table, laid with a lace cloth, was trimmed with ferns and white streamers and adorned with a three-tiered wedding cake topped with an ornament.

The bride graduated from the Toms River High school.

Mr. Younkens served in the Navy three years and is now associated with the Scott Poultry Co., Pine Beach.

After an extended honeymoon trip, which will include a week's stay with her mother here, the couple will reside at Pine Beach.

Majoring in history, he was a member of the Terrace club, which won the Armstrong Upper class club scholarship trophy. Also a member of the Varsity club, he made his letter three years in playing on the 150-lb. football team. He played for the club in basketball, baseball, hockey and rugby and was captain of the golf team.

Mr. and Mrs. Pedersen, their daughter, Barbara, and son, Douglas, attended the commencement activities. Their guests for this occasion were Miss Isabel Braham, daughter of Judge and Mrs. Walter Braham of New Castle, Pa., and Mrs. Frank Abbot of Bloomfield, N. J.

Norman plans to spend two months at Lake Chautauqua, N. Y., this summer.

Wykoff Is Military Grad

Dale E. Wykoff, son of Mr. and Mrs. H. F. Wykoff, was graduated from the Virginia Military Institute, Lexington, Va. He received the degree of Bachelor of Science upon completion of his chemistry pre-medical course.

He was graduated as a distinguished military student, and as a first lieutenant in the Corps of Cadets.

Because of exceptional grades in parasitology, he was accepted at Tulane university in New Orleans for graduate work.

Immediately upon graduation, he was called to Ft. George Meade for orders, and then to Washington, D. C., where he was com-

missioned a second lieutenant in the regular army. He was then ordered to Tulane to begin his graduate work at once.

He was accompanied to Ft. Meade and to Washington by his parents and sister, Patty, who had attended his graduation.

Gen. George C. Marshall was one of the 19 generals who were present for the three-day finals.

Awarded Library Fellowship

Mrs. Martha McCormick Cox of North Braddock, Pa., daughter of Mr. and Mrs. Alvy McCormick of Lisbon, and a student at Carnegie Institute of Technology in Margaret Morrison Carnegie college, has been awarded a library fellowship, established this year by Carnegie Institute of Technology.

She graduated from David Anderson High school, Lisbon, this year, where she was active in orchestra, cheerleading, school paper and annual and other extra curricular clubs and activities. At the Institute, she is active in housekeeping and library work.

Serves in Japan

Pvt. John P. Gottschall, 19, son of Mr. and Mrs. P. P. Gottschall of 358 N. Hawley ave., is now serving with the 15th Quartermaster company, 1st Cavalry division, in the occupation of Japan. Pvt. Gottschall first entered the Army in January, 1947. He went through his basic training at Fort Lewis, Wash. Joining the occupation forces in Japan in August, 1947, Pvt. Gottschall is employed in the Motor Pool of the 15th Quartermaster company.

Fined \$100 and Jailed

George T. Noebe, 74, of R. D. 3, Minerva, who was arrested by police Wednesday morning after stealing a "Donna Saunders Fund" jar at the N. B. bar, was fined \$100 and costs and sentenced to 30 days in jail by Mayor R. R. Johnson.

He was charged with petty larceny at a hearing Wednesday afternoon.

Children's Day Program

The Highland Christian church will observe Children's Day with a special program Sunday evening.

The final rehearsal will be held at 7 p. m., Saturday.

To Pay Respects

Members of the Ladies Catholic Benevolent association will meet at 8 tonight at the Stark Memorial to pay their respects to Mrs. Anna Boht.

Boy Seriously Hurt In Hay Wagon Tumble

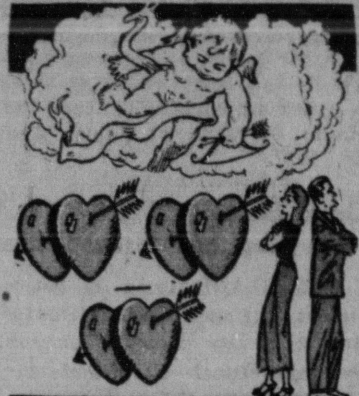

LISBON, June 16 — Tommy Ewing, 13, son of Mr. and Mrs. Anson Ewing of the New Elkton road, near Lisbon, suffered serious injury Wednesday afternoon when he fell from a load of hay, while helping to harvest.

A doctor was summoned and removed him to Youngstown South Side hospital, suffering from a possible broken neck.

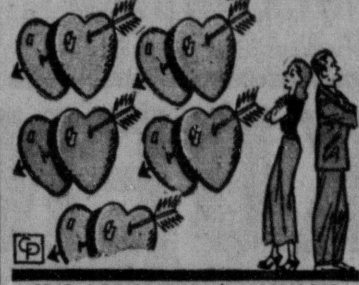

Rescued On Lake

CLEVELAND, June 16 — William Gaible, 21, of Sheffield Lake, O., and Cecil Hensley, 29, of Lorain, adrift for 15 hours in a disabled fishing boat on Lake Erie, were rescued last night off Avon Point by the Taxaco Tanker Michigan. They were put ashore here.

Divorce on Decline

1946-1 DIVORCE TO 3 MARRIAGES

1949-1 DIVORCE TO 4 1/2 MARRIAGES

THE HAPPY figures above come from Dr. Leland Foster Wood, secretary of the Commission on marriage and the Home of the Federal Council of Churches. He reports the crest of postwar divorce in the U. S. has passed.

Chief's Position Upheld By Courts

COLUMBUS, June 16—(AP)—The Ohio Supreme court yesterday decided Edward J. Allen is legally Youngstown's police chief.

Allen's right to the office was challenged by Peter R. Lapolla who claimed the appointment violated state law.

Allen was a member of the Erie, Pa., police department when he was appointed chief in January, 1948. He had never been a member of the Youngstown force.

Lapolla said the chief's job should have been filled by competitive civil service examination among members of the Youngstown force. Allen was appointed under a provision of the city charter.

Mahoning county courts held the appointment legal. The Supreme court upheld the decision by refusing to review the case.

By refusing to review another decision, the Supreme court held Trimidge Inc., an industrial plant in Wickliffe, a Youngstown suburb, could rebuild its burned out plant.

Residents objected to rebuilding the plant, which was more than half destroyed by fire, on the grounds it was a nuisance.

Train Hits Explosives Truck, But No Bang!

TIFFIN, June 16—(AP)—A transport truck loaded with explosives collided with a speeding train and what happened?

Nothing! At least not what you'd expect. The truck driven by Clifford W. Higgins, 34, of Chicago was hit by a New York Central passenger train near here yesterday.

Sticks of dynamite and cans of nitroglycerin flew into the air, hit the train and dropped in a field. Not even a first little bang.

But the truck was smashed. The train was disabled. Higgins suffered a few scratches.

Killed In Collision

SPRINGFIELD, June 16—Mrs. Ethel Pratt, 58, of Bellefontaine, was killed yesterday in an auto-truck collision at the junction of Routes 69 and 40 about 12 miles west of here. The accident occurred during a heavy rain.

CIO DEMANDS ARE REVEALED

Lay Cards On Table In Negotiations With Big Steel Figures

PITTSBURGH, June 16—(AP)—The CIO-United Steel workers have their fourth round cards on the table. They want a general wage increase, plus pensions and insurance benefits.

Specific dollar and cents figures were not disclosed and U. S. Steel Corp. officials gave no indication as to their reaction after a two-hour negotiation session yesterday.

However, the corporation is on record as having told the union it would not discuss pensions this year.

A joint company-union announcement of the union's demands was made by Vice President John A. Stephens of "Big Steel."

They were:

1. A general (wage) increase for the entire membership.
2. Adequate pensions upon retirement or disability for each member of the union, to be paid for entirely by the employer. Compulsory retirement shall not be permitted.
3. Decent social insurance benefits for members of the United Steelworkers of America and their families, to be paid for by the employer. These shall include life, accident, health, medical and hospital benefits.

A second session will be held today by union and company.

CHAPMAN HEARING MAY BE HELD TODAY

WASHINGTON, June 16 — (AP)—Harlan T. Chapman of Elyria, O., who has been nominated for a treasury department job, may be granted a hearing before the senate finance committee today.

The hearing was scheduled after Ohio's junior Republican senator, John W. Bricker, asked the committee to check into Chapman's record as an official of Ohio's state liquor department. The senator reported Chapman had been accused of violating orders by issuing certain liquor licenses shortly before leaving office.

Senator George (D-Ga.), chairman of the committee, said the hearing will be held Friday if the committee fails to meet today. Chapman has been nominated for assistant register of the treasury.

Lorain Eagles Go To Court Against Lodge

ELYRIA, June 16—A motion by the Lorain Eagles lodge to compel the Grand Lodge of Eagles to produce its records in court was overruled in common pleas court yesterday.

It was preliminary to a hearing scheduled Monday on dissolution of a temporary injunction. The injunction restrains the grand lodge from interfering in affairs of the Lorain lodge.

Methodist Youths Rally

ALLIANCE, June 16—A varied program of discussion, group singing, speeches, worship, and recreational activity will highlight the three-day summer conference workshop of the Young Adults of the Northeast Ohio conference of the Methodist church to be held at Mount Union college beginning Friday.

After registration at Miller hall from 6 to 8 p. m., Miss Doris P. Dennison, member of the Department of Christian Education of Adults of the Methodist Church, Nashville, Tenn., will open the conference with a "Report from the Nation."

Deaths

Pfc. Rush

Graveside military service for Pfc. Charles E. Rush, 32, of Hanover, who was killed Dec. 2, 1943, in Italy, will be held at 2:30 p. m. Saturday at the Grove Hill cemetery, Hanover.

The service will be conducted by Lepine-Rush, American Legion, with uniformed veterans of other organizations participating. Rev. John Humbert of Niles, pastor of the Hanover Christian church, will officiate.

The body arrived at the Maple funeral home in Kensington today.

Pfc. Rush was born in Graysville, Pa., June 10, 1911, the son of Mr. and Mrs. William S. Rush who now live in Hanover.

He was graduated from Lisbon High school and attended Bethany college, W. Va., and was a member of the Hanover Christian church, Masonic lodge there, and the Elks lodge of Alliance.

Before entering the army on April 25, 1942, he was a general salesman with the Canton branch of the Standard Oil Co. He served with headquarters battalion of the 189th battery, field artillery in the 45th division of the Fifth army and saw action in the North Africa and Sicilian invasions.

The Purple Heart was awarded him posthumously.

Survivors, besides his parents, include three brothers, Clarence of Eugene, Ore., Arthur of North Hollywood, Calif., and Malcolm, Akron; two sisters, Mrs. Clyde Bennett of Winona and Mrs. Harvey Trough of Hanover; and his wife, Mrs. Marcellain Rush McCraw of Hagerstown, Md.

SAUNDERS RETURNS NOW EXCEED \$2,500

Another benefit ball game has been scheduled for the Donna Saunders fund, featuring the Lisbon Junior American Legion team and the Salem Merchants at Centennial park at 2:30 p. m. Sunday.

The Merchants team is made up of teen-age, Salem players. Contributions received Tuesday for the fund ran the grand total in Salem to over \$2,500.

Gifts were received from the Girl Scout and Brownie troops of St. Paul's parish, resulting from their bake sale last Saturday, and from the employees of the Salem China Co.

Bus Drivers Get Raise

EAST LIVERPOOL, June 16 — Drivers for the Valley Motor Transit Co. have voted to accept a 3-cent-an-hour increase. The acceptance climaxes prolonged negotiations between the company and its drivers in the East Liverpool and Steubenville divisions.

The 3 cents raises the hourly rate of drivers from \$1.16, where it stands now, to \$1.19.

Pretzel Company's Baseball Special Will Be Benefit

LEETONIA, June 15—"Profits, if any, from the DanDee Baseball Special, will be a gift of the Berg Bretzel Co. to the Salem Salvation army", Ralph Kennedy, general manager of the Leetonia plant, said yesterday. The 12-coach train will leave Leetonia at 10 a. m. Aug. 28 for the Cleveland-Boston double-header.

More than 1,000 fans are expected to make the trip, according to Michael Burick, who is handling arrangements for the Special. He said any baseball fan in the Leetonia-Salem area is welcome to board the Special.

The Salem American Legion Quaker City and Little Dutch bands and the Warren Clown band will provide additional entertainment during the day.

East Liverpool Man Killed By Two Autos

YOUNGSTOWN, June 16 — (INS)—An unknown Negro about 40 years old was struck and killed last night on Route 7 by two cars driven by Charles J. Rosequist, 29, of Youngstown, and Nick Zubick, 35, of East Liverpool.

The highway patrol said the man apparently was crossing the road when he was struck by Rosequist's car and tossed into the path of Zubick's auto.

Fishermen Fined

LISBON, June 16—Lon Boring, county game warden, Wednesday arrested Russell Lopes of Avella, Pa., and Louis Dupain of Avella, Pa., along the west fork of Beaver creek, below Williamsport, on charges of fishing without a non-resident license and also for catching bass out of season.

They were brought before Justice Felix Butch of Lisbon and fined \$25 each on each count. They were committed to the county jail in lieu of payment of fines.

Agree To New Terms

YOUNGSTOWN, June 16 — Union beer truck drivers last night accepted an offer by 12 Mahoning county distributors for six paid holidays and workless Saturdays. The agreement by 150 drivers of local 377, Teamsters, Chauffeurs and Helpers Union (AFL) was made three hours before a strike deadline.

Hurricane Season Officially Opens

MIAMI, Fla., June 16—(AP)—The tropical hurricane season began last midnight.

The weather bureau's hurricane warning service started 24-hour watches and a teletype circuit went into operation along the coast from Brownsville, Tex., to Charleston, N. C.

At the Navy master airport in Miami the Navy's hurricane hunters stood ready to track down

developing disturbances in the Caribbean, where most of them originate.

Records show that most of the big storms occur in September and October but weather bureau officials said there have been hurricanes in the summer months and as late as November.

Farmers lose about \$400,000,000 each year in decreased land values, lower crop yields and reduced incomes because of erosion by wind and water.

Bright Red Hair Saves Boy's Life

NEW CONCORD, June 16 — (AP) — Seven-year-old Glenn Hatcher, son of Mr. and Mrs. Thomas Hatcher, owes his rescue to his bright red hair.

The boy was swimming in Muskingum college lake yesterday and ventured beyond his depth.

Mrs. William Costello, 36, of Ironton, wife of an examiner in the state auditor's office, was sitting on the bank reading a book. Her daughter, Ann, 14 was swimming near by.

Mrs. Costello glanced toward the lake, and at a spot near where she was sitting, saw something red bobbing in the water. She realized it was a head of a boy, floating in the water face down.

Fully clothed, Mrs. Costello jumped into the six-foot deep water, and, aided by her daughter, brought the boy to the bank.

There, assisted by several other persons, she applied artificial resuscitation. Young Hatcher revived—not much worse for his experience.

Witnesses said the boy apparently had been in the water only a short time when he was noticed by Mrs. Costello.

Field Day Planned At Chester, W. Va.

EAST LIVERPOOL, June 16—The third annual field day will be held Saturday at Hillcrest farms near Chester.

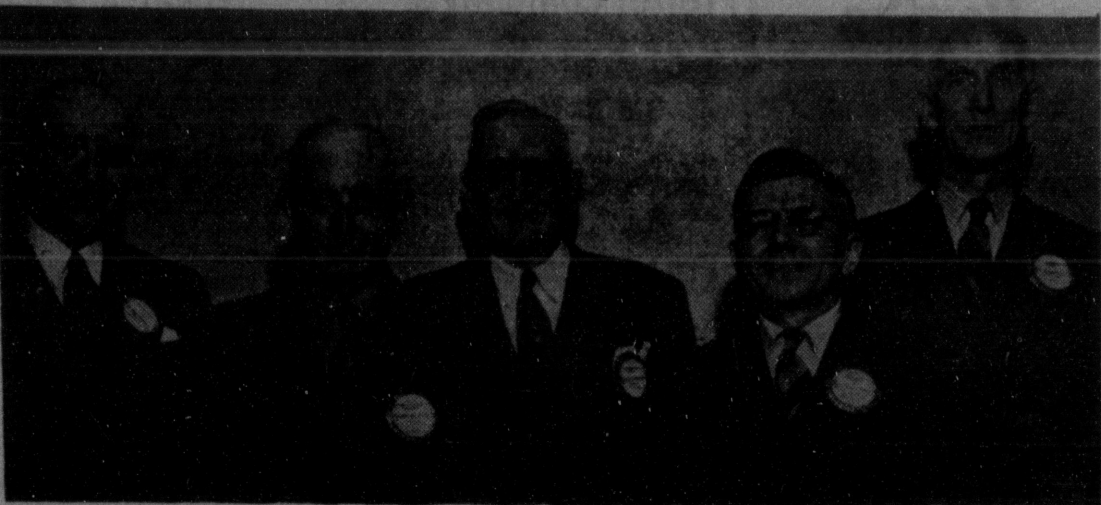

An estimated 2,500 4-H club members, Future Farmers of America, veterans in agricultural training and Hereford breeders are expected to swarm over the C. A. Smith farm, located on Route 2, three miles south of the junction with Route 30.

The program will begin at 10 a. m. with a judging contest for five Hereford classes. Plaques, ribbons and cash prizes will be awarded winners of the various divisions and the finalists from the 4-H, FFA and veteran groups.

A barbecue lunch will be served at 12:30 p. m. by Fairview grange of Pughtown.

Smith is rated as one of the top Hereford breeders in the nation. The farms' entries are widely known in livestock shows. His Larry Domino 12 was the 1947 grand champion bull at the Eastern National Livestock show at Timonium, Md. N. grand champion of the 1947 International Livestock show in Chicago and the champion bull at state fairs in Ohio, West Virginia, Maryland and Indiana.

Perfect Attendance Equals 62 Years

Left to right, Pearce, Carr, Martin, Miller and Harris. Harold Benson was not present when photo was taken.

6 Salem Rotarians Compile Envyable Meeting Records

Six members of the Salem Rotary club have compiled an outstanding record of perfect meeting attendance. The group, headed by President J. Harold Benson, and including Ray Pearce, C. S. Carr, J. B. Martin, Tom Miller and Dick Harris, has a combined total of 62 years without missing a weekly meeting.

Miller, Carr and Harris have each gone 13 years without missing, while Martin and Pearce each have a nine-year string going. Benson hasn't missed in five years.

All those figures will increase by one at the end of the current fiscal year, June 31.

Naturally, some of those meetings were attended by the sextet while out of Salem. In such cases they attended Rotary club

Warns Nation To Quit Gabbing About Depression

WASHINGTON, June 16 — (AP)—Senator Lucas of Illinois, the Democratic leader, said today people had better quit gabbing about a depression or the country may talk itself into one.

"I might go back to 1933 and repeat the words of Franklin D. Roosevelt to say that 'the only thing we have to fear is fear itself'—they are just as true today as they were then," Lucas told a reporter.

The senator's comment came in response to an announcement by Senator Brewster (R-Me) that Republicans soon will sponsor a \$50,000,000 public works and relief planning program "to meet the growing Democratic depression."

The measure would not provide money for public works but would look forward to starting them when deemed advisable.

Lucas said he doesn't think the Republicans are doing the country any good by talking about a depression at a time when, the Democratic leader said, the nation seems merely to be going through a "levelling off" process.

Open Sessions With CIO On Republic Steel Hike

CLEVELAND, June 16—Negotiators will open sessions here today on a new contract between Republic Steel Corp. and the United Steelworkers of America (CIO).

More than two dozen union representatives headed by Wil-

liam F. Donovan, district director, will present the union's demands for approximately 62,000 members in Republic plants throughout the country.

Donovan said that as in past years, there probably would be no announcements regarding the

talks until an agreement or a deadlock has been reached.

As in the case of U. S. Steel Corp., if the negotiations do not result in an agreement by July 16, a strike is possible.

City Hospital Auxiliary Makes Hit With Gift Shop

From a modest beginning, the women's auxiliary of Salem City hospital now points with pride to the attractive Alcove Gift Shop which brightens the lobby and is of ever-increasing service to the patients, visitors and personnel of the hospital.

If, in the rush and confusion of entering the hospital, a patient has neglected to bring any es-

sential toilet article, the omission can immediately be remedied. If during convalescence a little boost to the morale seems indicated, those extra toilet luxuries which mean so much are readily accessible.

Suitable, inexpensive, attractive and unusual gifts are available for the convenience of visitors, and it is well-worth a few moments inspection of the showcase and shelves to see "something new" which may have been added. Home made delicacies to tempt the convalescent's appetite, bottled hard candy so refreshing in sickness, chocolates for a "thank you", magazines to while away the hours, arresting costume jewelry to set the patient's mind on healthy, happy days ahead are only a few of the things to be found in this miniature "corner drug store" within the hospital.

Soft drinks are even available for patients and visitors during the hot months ahead.

The gift shop is open daily, except Sundays and holidays, from 10 a. m. to 4 p. m. and from 7 to 9 p. m. The entire service is rendered by volunteers — members of the Auxiliary — under the chairmanship of Mrs. Glenn Harding.

Mrs. Joseph Bogar serves as Secretary-Treasurer of this project. The present daily chairmen responsible for staffing the gift shop are: Mrs. South Metzger, Mrs. James Wilson, Jr., Mrs. George Koontz, Mrs. C. J. Lehwald, Mrs. James K. Rawsthorne and Mrs. Joseph Pidgeon.

If you use linseed oil to oil floors, mix one part of turpentine with four parts of oil. It will penetrate more readily and dry more quickly.

Unemployment At High In Ohio As Of May 1

COLUMBUS — (AP) — Ohio unemployment May 1 was at its highest since 1946, bureau of unemployment compensation figures showed today.

The BUC's employment service said 172,000 persons had job applications on file May 1. At least 123,000 of these claims were filed during April. No figures were available for May.

The number seeking work on May 1, BUC officials said, was the greatest since June, 1946 when

222,715 workers sought BUC aid in finding jobs. Many of the unemployed in 1946, however, were idle temporarily because of war industry reconversion.

BUC officials said they could measure unemployment only by the number of weekly claims and job applications filed. They also said they had no way of accurately predicting unemployment trends.

The state paid \$26,575,171 in claims from Jan. 1 this year until April 30. The weekly average of persons receiving these benefits was 79,982, the BUC reported.

Leetonia 'Girls' Take Plane Ride

Two gracious ladies of the area took a new experience in stride Monday evening.

Miss Barbara Wiedmayer, 76 years young, of 95 Chestnut st., Leetonia and Mrs. Lydia Spanabel, 83 years young, of 232 Lisbon st., Columbiana, each took their first airplane ride.

In a front porch commutation Miss Wiedmayer said yesterday that she was mildly thrilled, but the plane, "didn't go fast enough."

Pilot on both trips was John Kidurz of Champaign, Ill., nephew of Miss Wiedmayer and grandson-in-law of Mrs. Spanabel. The ladies felt safe in Kidurz's hands as he had 180 missions while in the Air Corps, taught flying at the West Point field and has logged more than 1,500 hours in military and civilian air craft.

"A ribbon on green grass," was the way Miss Wiedmayer told of seeing the highways of the area. She added that the railroad tracks also reminded her of a different colored ribbon on a green lawn. The four and five story buildings in the Leetonia area looked very flat and no higher than homes in the area, according to Miss Wiedmayer. She said that the only time she became uneasy was when her nephew flew over Leetonia and wagged the plane's wings, or "flirted" as she called it, with sister Miss Amelia Wiedmayer, who was standing beside their home.

She complained, "The only trouble is that we couldn't stop up there and look around. And the town looked so pretty from up there."

The plane that Kidurz owns is a two-place Funk which cruises under 100 m. p. h. He said that both ladies were very good passengers and added, "But they'll have something to talk about for awhile."

GRANGES Pomona

Charles Morlan, Master of Columbiana County Pomona Grange today announced final plans are being made for the annual June

5th-degree meeting which will be held at the Fairfield Centralized school Saturday evening at 8:30, June 18. The work will be exemplified by the Trumbull County 5th degree team.

"We are highly pleased with the interest of the Granges in this meeting and are looking forward to one of the largest classes in recent years," Mr. Morlan said.

Grange growth is at an all time high of 127,500 in the state with Columbiana county nearing 8,500 members. County Deputy W. A. Morris states "The work of the Trumbull county team is outstanding and we are extremely fortunate to get them. We are looking forward to a capacity crowd Saturday evening."

Iva L. Morris, chairman of the County Home Economics committee announced that the committee would serve a lunch to the grangers with the assistance of the home economics committees from Midway, Unity and Fairfield granges.

"Win For Waitkus" New Fighting Theme For Those Phillies

Begin Idea With Double Victory Over Cubs; Tribe Marks Up 8-5 Win On Road

By JOE REICHLER
Associated Press Sports Writer

"Win for Waitkus" has become the new battle cry of the "Fight-in" Phillies of Philadelphia.

Shocked by the shooting of Eddie Waitkus, the star Philly first baseman, his teammates were determined today to do their best to boost the morale of the stricken athlete. Waitkus was shot and seriously wounded by a girl fan in a hotel room early yesterday.

"I'm sure a batch of Philly victories would hasten Ed's recovery as much as any medicine," a member of the club said yesterday. "And that's what we aim to do."

The Phillies wasted no time in carrying out their promise. They swept a double header from the Chicago Cubs, 4-1 and 3-0, to move into a virtual tie with Boston for third place in the tight National league race.

The twin triumph gave the Phils a four-game winning streak and a record of 10 victories in their last 13 games. They trail the first place Brooklyn Dodgers by only three games.

Kenny Heintzelman and Hank Borowy, a pair of castoffs, allowed only one run between them as each gave up only five hits. Del Ennis furnished the batting punch, driving in a pair of runs in each game. He collected a double and triple in the opener, and a pair of two-baggers in the nightcap. Dick Sisler, subbing for Waitkus, collected three hits.

The Dodgers' eight-game winning streak came to an end last night when the St. Louis Cardinals whipped them, 9-5, and cut their first place margin over the Redbirds to two games. Nippy Jones enjoyed his biggest day in the majors with a perfect four-for-four. He smashed a home run, two singles and a double to bat in six runs.

A crowd of 32,131—largest of the year at Sportsman's park—saw Gerry Staley come to the aid of faltering Al Brazle in the fifth and pitch shutout ball the rest of the way to earn his fourth victory.

SHIFT ON THIRD WILL CONTINUE, BOUDREAU SAYS

Will Play Third When Left-Handed Pitching Is Encountered

BOSTON, June 16—(AP)—Manager Lou Boudreau's latest piece of master-minding on the Cleveland Indians' lineup looked today as though it might stump skeptical second guessers in the bleachers.

Lou said he may not discontinue playing first base after the Tribe leaves Boston tonight. Present plans call for the Boston setup—with Kenny Keltner back at third—whenever the Tribe meets a left hander.

"If we face a right handed pitcher in New York this weekend," said Lou after Cleveland won its second straight from Boston yesterday and its fourth victory in a row, "I will go back to third base and Mickey Vernon will play first."

"If we face a left hander—and it is my guess that we will see Ed Lopat at least—then I think I'll use the same lineup I used here in Boston."

The championship Prospect school softball team, which swept through its Mickey McGuire league schedule undefeated, is pictured above.

The boys are: Top row: Harold Garlock, Bob Domencetti, Matti Klein

George Mordue, Larry Stoffer and Jerry Myers.

Second row: Ronnie Brockner, Jerry Cosgrove, Jim Beard, Williams and Kenny Bosu.

Front row: Wisler, Eddie Linger, Ray Hertel and Paul Paster.

Eddie Waitkus Rallying After Wounding By Girl

CHICAGO, June 16—(AP)—A teen age girl was summoned into felony court today on a charge of assault with intent to murder in the shooting of Eddie Waitkus, the Philadelphia Phillies star first baseman.

Waitkus, shot near the heart with a .22 caliber rifle bullet by the girl who was secretly in love with him but whom he did not know, was reported in "fair to poor" condition.

Oxygen and blood plasma were administered to the 28-year-old ball player but physicians delayed operation to remove the bullet still lodged in his chest.

His physicians at Illinois Masonic hospital said Waitkus rallied from several low spells yesterday. A lung specialist described his condition as "much improved but still guarded."

Ruth Steinhagen, 19-year-old typist, in statements to police, related how she shot Waitkus, her baseball hero, after she lured him to her hotel room Tuesday night. The tall-dark-haired girl told and retold her story of the shooting in her 12th floor room at the fashionable Edgewater Beach hotel.

Told by State's Attorney John S. Boyle that the shooting was a serious offense, she replied: "Oh, it's just a simple one." Asked if she was sorry, she said:

"I'm not really sorry. I'm sorry Eddie has to suffer so. I'm sorry it had to be him, but I had to shoot somebody. Only in that way could I relieve the nervous tension I've been under the last two years. The shooting has relieved that tension."

Ruth's mother, Mrs. Edith Steinhagen and her girl friends said she had a secret crush on Waitkus, who is single, ever since she first saw him play ball with the Cubs in 1947. Waitkus was with the Cubs for three years, going to the Phillies in a trade last winter.

Mrs. Steinhagen said her daughter had visited two psychiatrists who told her "nothing was wrong with her except that she should forget about Waitkus."

Waitkus, currently leading in the vote for National league first baseman for the all-star game next month, was stopping at the Edgewater Beach hotel with the Phillies who came to Chicago Tuesday for a series with the Cubs.

He went to Miss Steinhagen's room late Tuesday night in response to a note she sent him that she had something "important" to tell him. Some of her girl friends said she had written Waitkus many letters and telephoned him whenever he was in Chicago. But her letters and telephone calls went unanswered until Tuesday night.

BLISS WINS TILT WITH CANTON 9-4; BENEFITS DONNA

Collect \$17.70 In Contest At West End Park; 200 Enjoy Bliss Victory

The E. W. Bliss Co. softball team today owns a victory over a tough Canton Spanish Brick club and as a result, the Donna Saunders hospital fund is \$17.70 fatter.

Played at West End park Wednesday night, the 9-4 contest was a benefit for the current drive to raise funds for the injured girl.

Salem's hitting last night was superb, 13 safeties going out. Included in this onslaught were Walt Brian's three, one a homer and two singles.

In the absence of Wayne Russell, regular Bliss hurler who was injured in a shop accident Wednesday, Charles "Mutt" Schaeffer did the pitching for Bliss. He proved satisfactory, too, allowing only four hits and giving up five walks.

Approximately 200 fans attended the game, interrupted once by a slight thundershower, and donated \$17.70 in a special collection taken up for the Saunders fund.

Frank Beauregard moved up on a default from Dr. R. T. Holzbach, who sprained his ankle yesterday.

In another top flight match Ed Kennedy waxed hot, shooting a 40-42-82, to defeat Andy Ulrich three to two.

In the second flight two matches were played yesterday. Bob Dixon came out on top of a thrilling match with E. R. Martin, Dixon scoring 42-43-85 to Martin's 42-44-86. It was one up after the 18th hole. In the only other match Harry Carloss, playing a greatly improved game this year, defeated Karl Ramsden one up.

Ward E. Eckstein won out three and two over Jerry Miller in a first round match Sunday.

Complete School Health Checkup

Dr. B. B. McGuire, county health commissioner, announces completion of physical examinations in first, third and fifth grades in all Columbiana county general health district schools. Columbiana and Lisbon kindergarten children were also examined but these examinations are not reported here.

A total of 1,853 children were examined. Principal defects found were: Enlarged or diseased tonsils, 697; temporary teeth seriously needing dental care, 493; permanent teeth seriously needing dental care, 306; definite or suspicious heart disease, 41; abscessed teeth, all of which should be seen by a dentist, 126; other defects were also noted.

Parents of all of the children have been notified, by a sealed letter, and advised to seek medical, surgical or dental attention. The nurses have examined the vision and hearing in as many schools as time permitted. We are handicapped by lack of sufficient nurses. In a good health program, such as we have attempted here, we should have one nurse for each 5,000 people and we have actually had one nurse for 15,000 people, or one-third of the number of nurses required to carry on a good generalized program.

Parents of children with serious visual defects or definite hearing loss, have been notified to see their private physician for treatment. Approximately 95% of the children included in this report, who were examined this year, were examined for the first time in school and, with the exception of a few repeaters, they are an entirely different group of children from those examined in the 1947-48 school year.

In-so-far-as the limited nursing personnel is capable, this summer parents of these children with heart disease and other defects will be visited and urged to take their children to their private physician.

Deliver Disputed Trucks

CANTON, June 16—Six new trucks were delivered to the city today despite cancellation of the contract for their purchase.

The Boggs Reo Sales Co. said it would present an invoice for \$14,850 later today. If the bill isn't paid court action will be taken, a company spokesman said.

The contract was cancelled last Saturday by Mayor Carl F. Klein when he became angry at "implications of fraud" by local radio newscasters.

COLUMBIANA EYES SEWER PROJECTS

Village Officials Confer With Engineers On Improvements

COLUMBIANA, June 16—Recommendations for meeting the needs of the Columbiana sanitary sewer system were heard at a meeting Tuesday evening of three members of city council and the three members of the board of public affairs.

The recommendations were made at the informal conference by E. E. Hatch of the Columbus firm of Burgess & Nipple, sanitary engineers, who supervised a sanitary survey of Columbiana last year to determine its needs.

The findings when carried out will involve some amplification of the sewer mains in parts of town and a new disposal plant in the not distant future.

Engineer Hatch's survey revealed that the present disposal plant is now operating ordinarily at 100 per cent of capacity, and in times of heavy rainfall is greatly overtaxed, as much roof water finds its way into the sewer mains. The municipal authorities have planned an investigation to ascertain where these conditions exist.

In some parts of town, Engineer Hatch says, new housing developments have made the mains inadequate. Further growth on the south side will necessitate some larger mains in that quarter. The entire situation reflects the growth of the town, which has more than twice the population it had when the sewer system was constructed in 1895. The population was then less than 1,500, and now exceeds 3,000.

Present at the conference were Councilmen Kenneth Ferrall, Joseph Harding and Harry Eberhardt and the board of affairs, Clyde Hoover, Carl Keller and Ray Harrold.

Repairing Intersection
The street department is smoothing out some rough places in the much-used intersection of Routes 14, 46 and 164 at North Main and Salem streets.

An assurance by the state highway department last year that an entire new intersection would be put in this spring has not been carried out by the new officials. Much of the Route 7 traffic is not using the official detour while the Route 7 bridge over the Pennsylvania railroad is under construction, but is saving a couple of miles by using Route 164 between Columbiana and North Lima.

MIDDLETON
Local relatives have received announcement of the birth of a daughter, Marilyn Ann, to Mr. and Mrs. Robert Kirk of Des Moines, Iowa, Saturday, June 4. The proud grandparents are Mr. and Mrs. L. J. Kirk and Mr. and Mrs. William Stanley.

Honor Mrs. Hawkins
Mr. and Mrs. Clarence Crider entertained at a family picnic supper, Sunday, as a farewell

courtesy to their daughter, Mrs. Jesse Hawkins and family who expect to move from the community. Sixteen guests were present.

The wedding of Edward Kirk, son of Mr. and Mrs. L. J. Kirk, and Miss Dorothy Holloway of Wheeling, W. Va., was solemnized today. The ceremony was performed in Barnesville.

Attend Reunion
Mr. and Mrs. Eber Martin were weekend guests at Goshen college, Goshen, Ind., and attended a reunion of Mrs. Martin's class. These reunions are held every five years.

Mrs. Floss Ruff, McKees Rocks, Pa., was an overnight guest of her sister, Mrs. W. W. Miller, Sunday.

Mr. and Mrs. L. J. Kirk were Sunday dinner guests of Mr. and Mrs. William Cope, Jr.

The Humtown Community club will hold its regular monthly meeting on Thursday afternoon at the home of Mrs. R. J. Firestone with Mrs. Gilbert Waters associate hostess.

Mrs. Ida Seeger has returned to the home of her sister, Mrs. W. W. Miller, after visiting relatives in Charleroi, Pa., and attending the funeral services for her aunt, Mrs. Nancy Davis of Coolville.

Mrs. Bessie Firestone and Mrs. R. J. Firestone accompanied Mr. and Mrs. Walter Firestone to Beaver Falls, Pa., Tuesday morning to the commencement of Geneva college, where the latter's son was an honor graduating student.

W. Cooper To Teach
Wilmer Cooper who attended Yale the past year visited his parents, Mr. and Mrs. Walter Cooper, Sunday, enroute to Topeka, Kan., where he will teach in the University of Kansas during the summer. His wife will join him after concluding her duties as dietitian in New Haven, Conn.

Mr. and Mrs. Elmer Hahn and children and Mrs. Eva Hahn were Sunday evening guests of Mr. and Mrs. Elmer Culler.

Tommy Edgerton was a Sunday visitor with Albert Holloway of Winona.

Mr. and Mrs. S. K. Lapp of New Wilmington, Pa., spent last Tuesday with their daughter, Mrs. Eben Martin and husband.

LET'S EAT!

Chill soft drinks and food before packing picnic basket.

By GAYNOR MADDOX
Newspapers, wax paper, refrigerator boxes and a long chilling in the refrigerator can get your picnic food and beverages cold enough to be served that way at the picnic.

Food can be prepared the night before. Wrap it in heavy waxed paper or place in refrigerator boxes with tight-fitting covers and chill overnight. This works for prepared dishes, salads, cakes and of course fruit. Pre-chilled

thirst-quenching soft drinks live every picnic. (And don't forget to take along the bottle opener.)

Wrap individual soft drink bottles in newspapers the night before and chill all night. Just before leaving in the morning, line the picnic hamper first with a newspaper, then with a picnic cloth and pack in the chilled food.

To keep sandwiches fresh spread each slice of bread with softened butter all the way to the

crust; add the filling, then wrap each sandwich in heavy wax paper. Place in a covered refrigerator box, or wrap in a towel, and chill overnight.

Here are a few fine sandwich fillings:

Chopped cheese moistened with chili sauce (on rye bread).

Chopped boned chicken with thinly sliced celery and mayonnaise.

Sliced hard-cooked eggs on bread spread with deviled ham.

Sardines and sliced tomatoes and mustard butter.

Bologna with grated horseradish (on rye bread).

Delicious Picnic Salad

(Serves 6)

Three cups diced cooked potatoes, 2 cups cooked mixed vegetables, 1 cup thinly-sliced celery, 2 tablespoons minced onion, one-third cup shredded salted almonds, 1/2 cup thick sour cream, 1/2 cup mayonnaise, 2 tablespoons vinegar, salt, pepper, lettuce.

Mix potatoes with vegetables, celery, onion and almonds, taking care not to mash the potatoes. Mix the sour cream with mayonnaise, vinegar and salt and pepper to season. Pour over the vegetable mixture, toss lightly with a fork, cover and chill thoroughly, overnight if possible. Garnish with lettuce for serving.

Pack the lettuce separately in a plastic bag that can be fastened securely, and put half a dozen ice cubes in the bag to keep the lettuce crisp and cold.

Illinois farmers have a total farm mortgage debt of \$217,156,000, the nation's sixth largest. Of that total, \$87,000,000 is owed to life insurance companies and \$50,000,000 to federal land banks.

LUCKIES PAY MORE

to give you a finer cigarette!

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real deep-down smoking enjoyment they give you. Yes, smoke a Lucky! You'll agree it's a finer, milder, more enjoyable cigarette!

CURTIS A. WALKER, veteran independent warehouseman of Wendell, N. C., says: "Season after season, I've seen the makers of Luckies buy fine tobacco... tobacco that makes a mild smoke. I've smoked Luckies myself for 20 years." Here's more evidence that Luckies are a finer cigarette.

Burke Gives Bum's Rush
CLEVELAND, June 16—(AP)—It's time, says Mayor Thomas A. Burke, to give the bum's rush to the bums here.

Apparently, he pointed out, the word, has gotten around that Cleveland's parks offer tempting summer vacation advantages to the bums. After loading up on wine in lower E. Ninth st. bars they stagger to the cool park grasses to snooze.

The mayor's idea is to "make the practice of bumming in city parks here so uncomfortable that the real undesirables will decide Cleveland's climate is not so healthy for them after all."

Some States Make Trucks Go Faster; Causes Big Power Increases

By DAVID J. WILKIE
Associated Press Automotive Editor

FRENCH LICK, Ind.—(AP)—State legislation affecting truck operations came in for criticism at a recent meeting of the Society of Automobile Engineers.

Merrill C. Horine, of the Mack Manufacturing Corp., said many states require trucks to maintain high legal speeds to avoid delaying passenger cars on the highways. He said that for more than 30 years there has been a steady demand for more horsepower in trucks.

The trend, he said, already had brought 300 horsepower gasoline engines and 500 horsepower Diesels. There have been suggestions, he added, of 700 horsepower engines.

Requirements Gain
Horine said part of the increasing truck horsepower resulted from a demand for faster delivery of larger loads. At the same time, he said, some states require trucks to maintain high legal speeds on grades.

Legislation requiring increases in horsepower or reduction in loads, he said, could drive many transporters out of business. He suggested a simple minimum speed limit rather than ability to climb grades at a given speed. The reduction of car body noises and the advantages and disadvantages of more glass in passenger car bodies were subjects of other discussions at today's sessions.

Salem Red Cross Chapter Prepares For Busy Season

Both the Junior Red Cross and senior chapter are swinging into one of their busiest seasons with the annual chapter meeting set for June 23, national convention from June 27-30 and national aquatic school now in progress for senior workers. Three Junior Red Cross members will travel to Byndenwood, Pa., as delegates to the annual training center.

A Reilly school student, unknown at the Salem chapter's office, received highest honors recently when his drawing was selected as one of 50 to be used as a traveling exhibit in this country. Thousands of drawings were submitted in the International School art exchange. Forty were sent to national headquarters from Salem, with 20 coming from high school artists and the rest from students throughout the system in the sixth grades and up. Drawings from Salem will be sent to Iran and Venezuela, according to word received recently by Mrs. Thomas Mercer, chairman of the Junior Red Cross here.

Attend Training Center

Louise Bauman of 595 N. Union ave., Wilma Firestone of the Albany road and William Vogelhuber of 910 E. Fourth st. were named this week as delegates to the annual American Junior Red Cross Leadership Training center to be held from July 18-28 at Byndenwood, Pa. Miss Bauman, who is a sophomore at Salem

High school, and the other two delegates who are juniors, will be sponsored by the Salem chapter of the Red Cross.

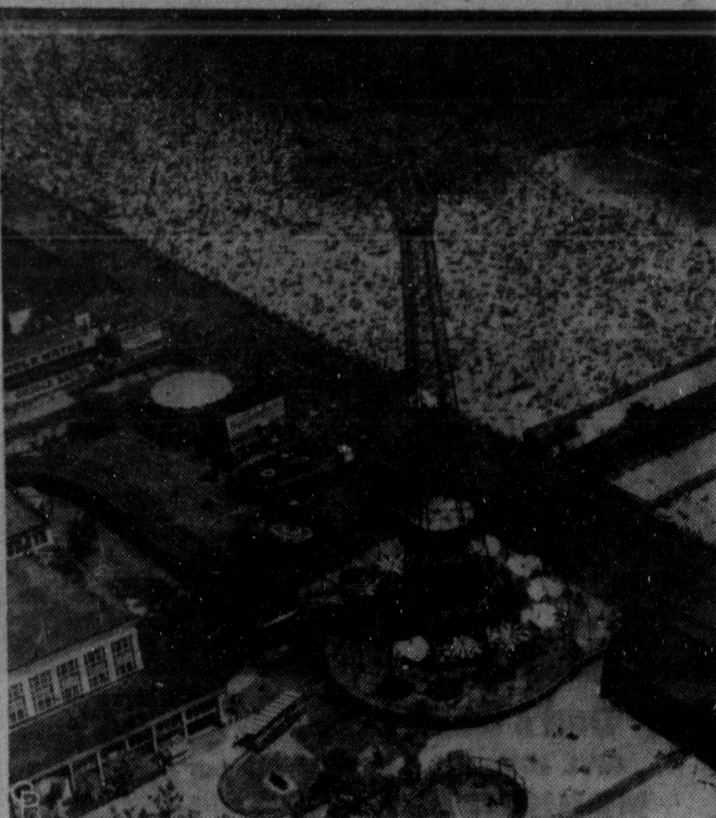

Byndenwood, one of the 11 training centers to be held throughout this country this year, will bring together from seven states some 160 high school pupils who are members or potential members of the Junior Red Cross council in their schools.

The delegates will learn the history and philosophy of the Red Cross and obtain a thorough understanding of how Junior Red Cross members in schools participate in service programs on the national and international level. Adult specialists will conduct demonstrations and classes in Red Cross courses which may be included in the school curriculum, such as home nursing and first aid. Opportunity will be provided for delegates to earn their water safety certificates.

Special emphasis will be placed on organization of Junior Red Cross councils, so that Junior Red Cross members themselves can participate democratically in choosing their own leaders and planning their own programs.

The world-minded Junior Red Cross members at Byndenwood will also be hosts to 20 visiting school administrators from nine countries, brought to the United States as guests of the Junior Red Cross, one of the participants

Lausche Offers Political Tickler

DELAWARE, June 16—(AP)—Here is something for the political speculators to chew on: Gov. Frank J. Lausche, Democrat, has been mentioned as a possible opponent to U.S. Senator Robert A. Taft, Republican, in next year's election.

They met at Ohio Wesleyan university last Saturday, and Governor Lausche started his commencement speech with these remarks:

"I want to talk to you about my views of our democracy from my experience as a judge, a mayor and a governor. Before I proceed into that, I might say, Senator Taft, that I am deeply grateful to have the opportunity to be with you on this day when we both receive honorary degrees of law from Ohio Wesleyan university. 'Maybe, now, being graduates

of the same alma mater, even though there may have been some such predisposition in the past, it probably should be considered today that we ought not to engage in any controversy in any way."

Lausche later turned to Taft and asked: "Did you listen attentively to what I had to say?"

The senator replied: "Yes, I did." The governor, pressed by newsmen for an elaboration at Columbus today, just chuckled.

SEE DECREASE IN FARMER'S '49 INCOME

Slackening of About 10
Percent Predicted By
Government Bureau

By JOHN DRUCKENBROD
WASHINGTON—(INS)—The government predicted today that farmers' net income for the first half of 1949 will average "at least 10 percent" below the same period last year.

The agriculture department also forecast that cash receipts and gross income will be down about seven percent.

The department estimated that farmers will receive about 11 billion, 900 million dollars from marketings during the first six months of 1949, compared to 12 billion, 800 million dollars in the same period of 1948.

A special agriculture report

said farmers have been selling slightly more than last year but prices are down about 10 percent.

The department figures crop receipts for the first half at about four and one-half billion dollars—three percent more than last year's comparable period.

Volume Hurt Prices

In this case, a much greater volume of marketing is expected to have helped offset a 15 percent drop in prices.

But receipts from livestock and related products are running an estimated 10 percent below 1948—or at a rate of only about seven billion, 400 million dollars for the six-month period.

Farmers' expenses are estimated to have slumped along with everything else—but not enough to equal the decline in gross income.

The department believes these over-all expenses may have dropped only three percent and that the cost of many individual items has actually gone up.

For the month of June, alone, the department estimated farmers' crop receipts at about two million dollars—slightly more

than May but 15 percent below last year.

Prices received by farmers this month are expected to average slightly lower in May and possibly 15 percent below last June.

Cash receipts from livestock and livestock products in June are estimated at an additional one billion 200 million dollars, a little less than in May and one-fourth below last June.

Here's how the department figures farmers will come out over the January-June period:

Egg Gross Larger

They will not receive as much from meat animals or dairy products as last year but their gross income from poultry and eggs will be larger.

Marketings of all types of meat animals will be a little lower than last year, prices will be down about eight percent and cash receipts probably 15 percent.

Gross income from dairy products is expected to be down about 15 percent, with marketings a little larger but prices substantially lower.

Receipts from poultry and eggs may be up about five percent because marketings have been heavier, especially in the case of broilers where prices have averaged slightly higher than in 1948.

Larger receipts from corn and cotton will account for most of the gain in total crop income.

A little less wheat will be marketed this year, prices are lower and cash receipts will be down.

GNAT BLITZ WILL START WITH HUGE POISON DOSE OF 300 BILLION GALLONS

By RENNIE TAYLOR
AP Science Reporter
CLEAR LAKE, Calif.—(AP)—

One of the biggest doses of poison ever mixed—nearly 300 billion gallons—will be used here soon in an attempt to free Clear Lake, a famous vacation spot, of pestilential gnats.

The whole lake, covering 40,000 acres, will be made poison for the gnats. A fleet of small boats will pump tons of TDE, one of the new insecticides, into the lake in a blitz operation.

Federal and county insect control workers said it probably would be the largest undertaking of its kind.

A day or two before the maximum hatch of gnats is to appear (probably early September), the boats will deposit the poison. Theoretically it will prevent the birth of billions of gnats and perhaps break their chain of reproduction so that they never again will appear in such enormous numbers as they have in the past.

Makes Hazard

On warm evenings in middle and late summer the gnats become so thick that automobile driving is hazardous. Dead gnats pile up in drifts along some parts of the lake shore. Spiders which use the gnats for food become so

give the water a glistening white color like a motion picture screen.

Arthur W. Lindquist, U.S. Agriculture department entomologist, who did much of the research leading up to the poisoning project, said the concentration of poison would not be sufficient to affect the fish in the lake, and would not interfere with the activities of vacationists.

The fish eat the gnat larvae and pupae but are unable to keep up with the prodigious rate of insect production.

Electrocuted At Work

COLUMBUS, June 15—Charles Rowley, 27, of Wellston, was electrocuted near here today while

painting a high-tension tower. Sheriff's deputies said his head touched a wire carrying 39,000 volts.

JOHN ZUPANCIC GUIDES THOUSANDS OF CANS OF BURKHARDT'S BEER OUT OF THE PASTEURIZER TO THE CAN WEIGHES.

Zupancic cans beer for your convenience

from the HEART of the hops

John Zupancic is swinging into high gear as people demand more and more Burkhardt's in cap-sealed cans.

And right now the demand is increasing by leaps and bounds. More and more families are going on picnics ... more men are going fishing ... more outdoor activities are being planned ... and they all call for Burkhardt's in cans!

John has this all figured out. He's been with us for over six years now and he has watched cans come back strong. Here's what he says about beer in cap-sealed cans—

"First, there are the advantages of no deposit and no return trips with the empties. Lots of busy people think that's wonderful.

"Next—with cap-sealed cans, the pouring lip is kept clean. This is important whether you pour the beer into a glass or—as many folks like to do—drink right from the can. It's clean. And you use the same opener as with a bottle. You find them everywhere.

"Burkhardt's in cans is easier to carry on picnics, fishing trips and outdoor affairs. When I go fishing, I

throw several cans in the car. I cool them in a stream while I'm fishing. And believe me, it tastes good when I'm tired.

"Of course, all canned beer doesn't have to be used out of doors. I'd be silly to say that. Right in your own refrigerator you'll find that it takes much less space than bottles and that it cools quicker, too!"

No, John doesn't often sound like a salesman! His job is in the bottle shop, where he has worked at all positions. He's a native of Akron, a veteran of World War II, and he has a nice home on Alvin Avenue. All in all, he's a good citizen and a credit to the community.

We're proud to have men like Zupancic working with us. Proud that they've enjoyed their work and that they stay with us so long.

We're proud of their skill and experience which—added to superb ingredients—make Burkhardt's the beer so many people like best.

These men ask you to drink the beer they make and drink themselves—Burkhardt's Beer, from the heart of the hops.

EIGHT-OUNCE BABY A BATTLER—If your mailbox brought you eight letters today, their combined weight would be about what Grace Louise Cotton weighed two days after she was born June 3 in Cleveland, O. Tiniest premature baby ever to live 9 weeks in Glenville Hospital's 41-year history, Baby Grace arrived three months early. Two days later her birth weight of a pound and six ounces slipped to eight ounces. Fighting for survival she was back in a pound and two ounces a week after her birth and doctors say she has a fair chance. Here her mother, Mrs. Paul T. Cotton, keeps vigil at the incubator in which Grace is fed, changed and given a constant supply of oxygen.

CENTURY MARK—"Don't know why, but I seem to have trouble threading a needle lately," says Mrs. Wilhelmina Meister, as she celebrates her 100th birthday in Cleveland, O. "And I don't like to tell it, but I have to use a magnifying glass to read the newspaper comics."

The Nation Today

By JAMES MARLOW

WASHINGTON—(AP)—Some innocent people and the FBI will both suffer if secret FBI files continue to be made public.

A man accused of communism now, when there's so much excitement about it, is smeared in the public mind and may be ruined.

The accusation of an informant in an FBI file, that a man is a communist doesn't necessarily mean he is one or even that the FBI thinks he is.

He may or may not be. Some of the FBI information is true, some is false. It's gathered in various ways.

From regular FBI agents; secret undercover agents; and strangers who may be sane, crazy, bright, stupid, loyal or revengeful.

THE FBI checks on communism to prevent spying, smash con-

spiracies, and be ready for a nationwide crackdown in case of emergency.

All kinds of information, true or false, go into its files for immediate investigation or future reference, if needed.

While it remains secret, no one is hurt. But when it's thrown wide open, the public can't tell what's true in this collection of truths, untruths, suspicions and accusations.

And that's when innocent people and the work of the FBI both get damaged. This is why:

At the trial of Judith Coplon, the judge ordered certain secret FBI information made public. The FBI said it had found it on her.

The judge did this to give her a fair trial so the jury wouldn't have to act on hearsay. Neither the FBI nor the government prosecutors want this information

exposed. But the prosecutors yielded.

Why did they? It was either do it or drop the case against Miss Coplon. Why didn't they drop it, then? Maybe because they feared this would encourage would-be spies to go ahead in the belief that any time secret information was involved the government would be unable to prosecute.

THE FILES WERE opened and out tumbled the names of many people, not connected with Miss Coplon at all but accused of communism. They made denials. But now they're linked in the public mind with communism.

If, using this as a precedent, judges in future government trials order secret FBI files made public, innocent people are bound to suffer. Why? For the reasons given above.

And, in the Coplon case, the work of the FBI suffered a blow. Undercover agents were exposed, not by their right names but by code names.

But, some of their information

was so intimate that the accused people now must know it could have come only from so-and-so, even though he's disguised in the files under a code name.

Thus the usefulness of some of those agents is destroyed. And, in cases where they had true or dangerous information, this exposure may endanger their lives.

Why A Farm Plan? Brannan Explains Reasons One Sought

By ROBERT E. GEIGER
WASHINGTON, (AP)—Farm aid programs will occupy an increasingly prominent place in congressional election campaigns next year.

Secretary of Agriculture Brannan has suggested a plan that would put a floor under farm income. Government payments would be made direct to farmers if prices for some perishable products fell below a certain level. Non-perishables would be handled the same as they are now, through price supports.

In return the farmers would limit production, when necessary, and agree to use certain soil-conserving methods.

This plan has been attacked by most farm organizations, by some members of congress and others on the grounds it would be too costly and would place farmers under too much government control.

But, leaving out this controversy over the details of a program, many housewives and

other city people have asked why farmers need any government help at all.

Why not let farm food prices find their own level and reduce the cost of living for city people? These are the basic reasons some sort of a farm program is needed:

Cites Reasoning

1. Prices of farm products are more sensitive to the law of supply and demand than the prices of most manufactured goods. There are so many individual farmers and so many factors to consider, the weather, for one thing that it is difficult for them to gauge their markets accurately and plant accordingly.

2. A study of the depression in the '30s showed what the agriculture department considers a definite link between national prosperity and farm income.

Brannan says farm buying power is like the "catalysts" you learned about in high school chemistry. A catalyst speeds up a chemical process.

"Farm buying power seems to have a similar effect in our present economic system," he said in an interview.

He said that after World War I the prices for farm products fell 50 percent by 1920 and "the next year the country suffered what we now call a recession."

Twenties A Criterion
"Agriculture continued in a depressed state all through the 1920s," he continued, "and general depression came with the final collapse of farm prices in the early 1930s. So there has been a growing realization that there is a point below which the nation cannot afford to let farm income and therefore prices to farmers fall."

He says it might seem to be an advantage to a city housewife if she could buy eggs at 25 cents a dozen, pork chops at 30 cents a pound or five pounds of potatoes for 10 cents.

But he adds that if 5,500,000 farm families can't buy automobiles, fertilizer or furniture, factories have to slow down and workers are laid off.

"Since prices of farm products began to fall in the last year we have been finding out some important facts about effects," Brannan said.

"Here are some specific instances. A farmer near Defiance, Ohio, who ordered a \$1,950 tractor, cancelled his order after the price of his soy beans dropped from \$3.47 to \$2.18 a bushel.

"When the price of meat took a big drop, a farmer near Gettysburg, Pa., lost so much money on steers he was feeding that he

DISTRICT ATTORNEY JOHN M. changed his plans to buy a \$2,150 hay baler and decided not to spend \$1,000 to build a machine shed.

"Multiply these instances by the effects of falling farm prices all over the country and it is easy to see one reason why employment has fallen off."

Rep. Bolton Has Largest District

WASHINGTON—(AP)—The heaviest populated congressional district lies in Ohio, as well as the district having next to the smallest population, a house statistical report said today.

The coordinator of information for the house said the district with the most people is Ohio's 22nd, with a population of 698,450, represented by Rep. Frances P. Bolton, Republican.

The smallest is Rep. Case's (R) second district of South Dakota, with 157,132 population, the coordinator said, and the second smallest is Rep. Clevenger's (R) fifth Ohio district, 163,561.

Comparison with the rankings in prior years would be misleading, the coordinator said, because border lines of a number of districts have been changed to take in more population or reduce the total. The new figures were based on 1940 census figures.

Second largest district is the Maryland second, population 534,526, represented by Rep. William P. Bolton (D), the report showed, with Rep. Huber's (D) 14th Ohio district third largest, with 531,469 inhabitants.

The figures were requested by Huber.

Ranking upwards from the smallest two, in the order of size, are:

Colorado 4th district 172,847;

Arkansas 3d, 177,476; Ohio 10th,

180,482; Ohio 11th, 181,117; Ohio

Voters May Limit Governor's Pardons

COLUMBUS, June 16—(AP)—Do you want your governor shorn of power to pardon murderers serving life imprisonment? Voters will be asked that question in next November's election if a resolution passes the Ohio house and senate. It was offered Tuesday by Rep. John J. Gallagher (D-Cuyahoga).

The resolution proposes a change in the state constitution. It would strip the governor of power to grant reprieves, commutations or pardons to first-degree murderers convicted with mercy recommendations. Life imprisonment is the required sentence in such cases.

Gallagher said approval of the constitutional amendment and enactment of a pending bill would require life terms to serve at least 66 years. The only exception would be absolute proof of innocence or the granting of a new trial. The bill has passed the house and is before the senate judiciary committee.

Uses Son's Fishing License, Is Fined \$50

Earl Ressler, Mahoning county game warden, today reported a series of events which led to fining of John Ridella, Sr., 47, of 3814 Hyde ave., Cleveland.

He arrested Ridella on Memorial day for fishing on Lake Milton with a license belonging to his son, John Ridella, Jr., 21, of Lake Milton. Ridella, Sr., claimed that he and his son used the same fishing equipment and he got his son's license by mistake. Justice of Peace Miller Foulk of Lake Milton, held Ridella's fishing tackle until he had time to produce the proper license.

When the arrested man returned he produced a license dated May 27. Justice Foulk noticed that the date had been tampered with and Ridella later admitted that he had changed the date. The fine was \$50 and costs and the license was suspended for the balance of the year.

The hearing was expected to end today, after which the state industrial relations director, Albert A. Woldman, will have ten days in which to accept or reject the board's recommendations.

Recent Drouth Conditions Damage Crops Through Ohio

COLUMBUS, June 16—(UP)—Recent drouth conditions throughout Ohio had damaging effects on many crops, but widespread rain in the past several days has done much to alleviate the situation, the U.S. weather bureau reported today.

The dry weather, the weather bureau said, prevented some late planted corn from germinating and was hard on small vegetables and all kinds of plants just coming up. The growth of oats was strongly affected, the report added, and a reduction in the yield of strawberries and in hay tonnage was noted.

Most weather stations in the state reported no rain of real importance from May 22 until early yesterday, the weather bureau said. However, a total of 4.83 inches fell in southern Madison county in the period from last Friday through yesterday morning.

The total rainfall from May 27 through yesterday morning was less than half an inch at Akron, Cleveland, Toledo, Tiffin, Napoleon, Norwalk and Ashland, the weather bureau said. The total since May 27 was only .61 inch at Lima and .62 inch at the Dayton airport.

A frost on the morning of June 8 caused some injury to tender vegetables and corn near Warren and Youngstown, the weather bureau said.

The Ohio Cooperative Crop Reporting service, meanwhile, said winter wheat in Ohio on June 1 gave promise of 58,225,000 bushels, the same as a month earlier. It realized, this would be a record crop for Ohio. The 1948 crop was 57,648,000 bushels while the ten-year (1938-47) average is 53,254,000 bushels.

Rye, the crop reporting service said, promises a crop of 360,000 bushels, the same as last year but less than half the 10-year average of 869,000 bushels. Conditions on June 1 pointed to an oat crop in Ohio of 53,440,000 bushels compared with 54,090,000 bushels last year, and a barley crop of 405,000 bushels was forecast. The 1948 barley crop totaled 540,000 bushels.

The June 1 forecast for peaches was 1,054,000 bushels compared with 780,000 bushels in 1948 and the 10-year average of 843,000 bushels. Pears promise a crop of 238,000 bushels compared with 178,000 bushels in 1948 and the 10-year average of 322,000 bushels. The sour cherry production in the state is expected to reach 1,940 tons compared with last year's 1760 tons, while June 1 conditions indicated a sweet cherry production of 340 tons compared with the 1948 total of 260 tons.

Milk production in Ohio during May was estimated at 568,000,000 pounds compared with 553,000,000 pounds in May, 1948, and the 10-year average of 511,000,000. Egg production on Ohio farms during this May was placed at 251,000,000 eggs, six percent less than the 267,000,000 produced in the same month a year ago.

AS A MATTER OF FACT, IT'S A STAMPEDE!

BOOTS, YOU'LL GET A BIG CHARGE OUT OF THIS GAL WHO'S COMING TO TOWN! USED TO BE AN OLD FLAME OF MINE!

KITTY COLLINS IS HER NAME—A RED HEAD!

WE'RE GOING TO HAVE ANOTHER VISITOR! YOU REMEMBER FERDY, MY OLD BOY?

WELL, HE'S COMING TO TOWN FOR A VISIT, TOO!

GIG TELL ME YOU WERE ALONE IN THE BANK WHEN THE PILCHER BOYS CAME IN, SUH!

YES, MR. WILTY AND THE BOOKKEEPER HAD STEPPED OUT TO TAKE PART IN SOME CEREMONY UP THE STREET.

IT WAS CLOSING TIME AND I WAS TRYING TO PUT THE CASH IN THE VAULT WHEN I LOOKED UP AND SAW THOSE VARNANTS. I STARTED TO SLAM THE VAULT DOOR, BUT A SHOT THREW MY HAND CHANGED MY MIND!

SOMEONE HEARD THE SHOT AND ROUNDED UP HELP. THAT'S WHY THE OUTLAWS RAN INTO TROUBLE OUTSIDE!

YOUNG MAN! ARE YOU ANOTHER ONE OF THOSE CONFUSED TREASURE HUNTERS WHO COME UP HERE ANNOUNCING TO DIG UP YOUR TOWN LOOKING FOR THAT MONEY??

HOW IS SNOOPY TODAY? I HOPE HE RESTED WELL LAST NIGHT!

I'M VERY WORRIED, ANDY—HE'S SO JUMPY—DO CONSULT A NERVE SPECIALIST, BUT YOU KNOW HOW COSTLY...

THINK NOTHING OF IT, CANDY DEAR—HE'S MORE IMPORTANT THAN ALL THE WORLD'S MONEY—WILL RECO COVER THE DOCTOR'S FEE?

THAT IS THE LEAST I CAN DO FOR THE GENIUS WHO TAMED THE ATOM—THE MAN WHOSE ATOMIC POWER WILL CHANGE THE WORLD!

Oberlin Grads Virile
WASHINGTON, June 16—(AP)—We don't know what the students learned that year, but the men of Otterbein college's class of 1924 are the most virile Ohio college alumni.

That's what the population reference bureau reported here yesterday.

The men of that class had 2.45 children—the highest number in Ohio colleges and seventh in 106 colleges in the nation.

Meat Prices Now Decline Slowly; Dairy Stuff Same

By The Associated Press
Retail meat prices started retreating slowly this week after an irregular month-long advance. Changes varied widely from market to market, but skidding wholesale quotations promised moderate reductions in most butcher shops for the coming week-end.
Poultry and dairy products were mostly unchanged. Peas were the only vegetable generally higher, while snap beans, candeloupes, celery and lettuce were lower than a week ago in many places.
Biggest price declines so far this week are in lamb cuts—off as much as nine cents a pound at wholesale and six cents a

tively expensive for weeks unless near-drought conditions in many sections of the country were relieved by rains soon.
"In fact, if this dryness continues much longer, we'll see some sharp increases in spinach and other leafy vegetables and sweet corn within two weeks," said an agriculture department analyst.
The warm weather stimulated demand for peaches and watermelon—both bringing relatively high prices. It also was finishing off strawberry crops earlier than usual and hastening shipment of strawberries from Massachusetts and Michigan to marketing centers further south.
Several grocery chains across the country hiked the price of roasted coffee by a penny a pound, blaming the higher cost for green coffee. Brazilian officials recently predicted that nation's exportable coffee crop would be 1,000,000 bags under last year's. The postwar surplus of Brazilian coffee already have been used up.
Carroll C. Precure of Britton, Okla., who heads the National Association of Retail Grocers, told a Chicago convention this week

government squelched that idea immediately by removing the valves. Berger tried various means of disposing of the balloons, including an abortive effort to have them cut up for use as shop aprons, but all were unsuccessful.
Recently Berger read of the government's grain storage difficulties and then his jackpot idea hit him. "Why not," he thought, "store grain on the farms in my balloons?" Proceeding along these lines he arranged a test with a grain elevator opera-

tor, A. E. Staley, of Fairport, O. The scheme worked well enough to convince Berger. Even the superintendent at the elevator admitted the plan was "feasible."
Now Berger is offering the balloons at under \$50 each to western wheat growers on a first come, first served basis.
The huge bags have an air capacity of 3000 cubic feet and if filled with wheat would equal about 2400 bushels. Berger says the bags cost the government \$1,000 each.

WHEAT STORAGE IN BALLOONS NEWEST ANGLE

CLEVELAND — (UP) — Old surplus barge balloons have been suggested as at least a partial solution to the government's problem of where to put this year's bumper wheat crop.
Jack Berger, who runs a bag business, bought 3000 surplus barge balloons two and a half years ago hoping to use them for aerial advertising. However, the
